

Interacting With Computers

Aims and Scope

- acts as an international forum for the discussion of HCI issues
- fosters communication between academic researchers and practitioners
- encourages the flow of information across the boundaries of its contributing disciplines
- stimulates ideas and provokes widespread discussion with a forward-looking perspective

Topics covered include:

- systems and dialogue design
- evaluation techniques
- user interface design
- HCI tools, techniques and methodologies
- empirical evaluations
- users and user modelling
- new research paradigms
- design theory, process and methodology
- organizational and societal issues
- intelligent systems
- training and education applications
- emerging technologies
- hypertext and hypermedia
- computer-supported co-operative work

Benefits of Publishing with Elsevier

- **Liberal copyright policy**
Elsevier's copyright statements allow for posting on pre- and post-print servers, as well as personal homepages and institutional repositories, provided a link to the official version on ScienceDirect is also indicated. Please see http://www.elsevier.com/wps/find/supportfaq.cws_home/copyright for a full overview of Elsevier's copyright policy.
- **Easy online submission**
Submit your paper online at: <http://ees.elsevier.com/iwc>
The editorial process is performed electronically, which shortens the refereeing time. Submissions are free of charge
- **Fast maximum online visibility**, accessible to over 11 million scientists
Within three weeks of acceptance your article reaches your peers through Science Direct, the world's leading provider of electronic scientific information, covering over one quarter of the world's full-text STM information. www.sciencedirect.com
- **More services for authors:** proofs, online tracking, free offprints
It is easy to check the progress of your paper online at: <http://ees.elsevier.com/iwc>
To complete the publication process, you will receive 25 complimentary offprints.
- **30% discount on all Elsevier books**
If your work is published in an Elsevier journal you will be entitled to a life-long 30% author discount on all Elsevier, and associated imprints including Morgan Kaufman. www.elsevier.com/author
- **Free access for developing countries**
We want people all over the world to be able to access the quality research published in Elsevier journals. Elsevier enjoys partnerships with communities and organizations around the world, in order to improve the exchange of information and transmission of knowledge. These projects and initiatives demonstrate our commitment to living our company mission, values and principles in everything we do.
