INTRODUCTION

Edutainment'2006 is an international conference on research and development on E-Learning and digital entertainment. The main purpose of the conference is the discussion, information and opinions exchange on development and use of such systems. It will provide a very interesting opportunity for researchers that want to attend or present communications at these events. The conference will include plenary invited talks, workshops, tutorials, paper presentation tracks and panel discussions.

Participation is open to everyone, not requiring submission of a paper.

The conference is sponsored by Zhejiang University, and China Society of Image and Graphics. It is co-sponsored by EUROGRAPHICS (pending), and IFIP SG on Entertainment Computing (pending). Edutainment'2006 will be hosted by the Digital Entertainment and Animation Center, Zhejiang University, China. The Proceedings will be published by Springer as Lecture Notes on Computer Science (SCI indexed).
